

Viatec UK Kerb-ramp

Kerb-ramp is designed a safe means for wheelchair and pushchair users to reach road level where a footpath has been closed for street works as required by the 'Safety at Street Works Code of Practice'. Kerb-ramp has been design to meet the 'Wheelchair Boarding Ramp Specification' and features:

- Non-slip surface
- Moulded in high visibility blue or yellow using light-stable pigments.
- Recessed fixing point
- Lightweight and portable
- Stacks for transport and storage
- Tough GRP construction
- Customers name or logo can be moulded into the product
- Recommended max. weight 350 kg
- The Kerb-ramp must be bolted to the kerb / pavement before use
