Viatec UK Salvaposts

An example of a recycled 'Manchester' bollard commissioned by a city council, with moulding bespoke to the council's design

Our Salvaposts are 100% recycled plastic bollards and available as flat square, chamfered square, diamond top square, flat round or domed round versions with or without recessed reflectors. Bollards bespoke to specific designs can also be commissioned to client's specifications. Standard black bollards are available, brown plastic is also available on request. All are available in a variety dimensions and for further information, please contact Viatec.

Viatec also offer a broad range of recycled plastic products including:

Tongue & groove panelling, planks and beams, benches, playground furniture, marine construction materials including loading stages and jetties, shock buffers and elastic fenders, bridges and walkways, handrails, sheet piling and industrial storage and transportation solutions.
