This grit or salt container is designed with a wide mouth for easy access to the contents and slim line shape for position flexibility. The bins are able to be stacked up to 9 or 6 high (for 6 or 10 cubic litre) and this enables a very efficient use of both storage and transportation space (18 or 12 per pallet, respectively).

Available in 6, 7 and 10 cubic foot capacities and alternative colours.

	Capacity	Height	Length	Width
6 cu ft	169 Litres	755mm	790mm	500mm
7 cu ft	200 Litres	890mm	750mm	490mm
10 cu ft	285 Litres	730mm	1085mm	500mm
